

	<b>Title</b>	<b>Protocol Number</b>
	<b>Installation/Operational Qualification for the New Blending Suite in Building 1</b>	<b>IQOQ2020-020 Rev 0</b>

## Attachment 11 – Materials of Construction Verification

### Objective:

The objective of this test is to verify that the materials of construction of the New Blending Suite components meet all design and Aphena requirements.

### Procedure:

1. Verify the materials of construction of the New Blending Suite components. Identify materials, elastomers, surface finishes, and other relevant characteristics.
2. Verify that the information collected during field verification is accurate and meets engineering and Aphena requirements.
3. For Method of Verification:
  - V – Visual observation (including component markings)
  - D – Documentation (include each document in Attachment 5 Supplemental Documentation Log)

### Acceptance Criteria:

The materials of construction of the New Blending Suite meet all design and Aphena requirements.

### Result:

Have the acceptance criteria been met? (Y/N) Y If Not, Deviation No: N/A

February 07, 2020

Re: Quote Number: 4300711

Dear Mr. Dennis McVey:

Thank you for the opportunity to work with you on the Process Area project at Aphena Pharma Solutions Inc., 7978 Industrial Park Rd., Easton MD 21601 . For this project, Stonhard proposes the following scope of work and pricing:

Area Name	Size	Product
Process Area	1,988 sq ft	STONCLAD GS COLOR TBD

**Area Name:** PROCESS AREA

**Scope of Work (Process Area):**

- Install Stonclad GS with Stonkote GS4 Top Coat with light Tecture 2 if desired.
- Stonclad GS is a solid colored epoxy mortar system.

**Conditions of Use (Process Area):**

- There are no spillages specified. However if spillages do occur, they are not to exceed the Chemical Resistance Guides of the quoted products. The spillages occur over 100 % of the floor through normal operations on a daily basis.
- The floor is scrubbed with general purpose cleaner occasionally at a temperature of 100° F.
- The floor is subject to power trucking on rubber wheels with a maximum load of no more than 3,000 lbs.

**Warranty (Process Area):**

- Refer to Terms and Conditions for detailed warranty.

**Pricing (Process Area):**

- \$24,700 based on open shop labor.

**Pricing Assumes:**

- Proposal assumes open shop labor.

**STONHARD**

02/07/2020

Aphena Pharma Solutions Inc., Quote 4300711

Page 2 of 6

- Price is based on one (1) phase/set-up only. If additional phases and/or set-ups are required, additional charges will be incurred.

- Area to be free of all traffic and activity during the installation and for a twelve-hour period after it is completed.

The following is a list of requirements needed to ensure a successful completion of this project:

- Lighting - The area must have adequate lighting in order to install the specified Stonhard product.
- Heat - A minimum substrate and material temperature of 60F must be maintained in the area to ensure proper curing.
- Electricity - The area must have a 240v/60 amp/3 phase or 480v/30 amp/3-phase power source; and multiple, dedicated 110V/20 amp outlets.
- Trash removal - A dumpster or equivalent means of trash removal must be provided.
- Material storage - The material must be stored in a dry, heated location in or around the area.
- Accessibility - Area must be free of all moveable equipment and trades prior to Stonhard's arrival.
- Area must be dry and remain dry and free from drips and leaks during the installation and cure time.
- Finished floor will follow contour of existing substrate.
- Not responsible for damages caused by hydrostatic and/or osmotic pressure.
- All leftover product is the property of Stonhard.

**Pricing Includes:**

- New pricing to include two rooms 12' X 8' and 16' X 12'.

**STONHARD**

**Pricing Summary**

- Lump Sum price to install project would be \$24,700 based on Open Shop labor.

Thank you for the opportunity to present you with this Stonhard proposal. If this proposal meets with your approval please initial the appropriate line(s) above, sign below and fax to my attention. Or if you prefer to utilize your own Purchase Order, please reference Quote # 4300711 and send a copy to my attention at the above address.

If you have any questions, please contact me at 7 Esterbrook Lane, Cherry Hill, New Jersey. Phone: 856/779-7500 Fax: 856/321-7630 or on my cell phone at 610.420.9861. I look forward to working with you on this upcoming project.

Sincerely,  
Stonhard, Division of StonCor Group, Inc.

Aphena Pharma Solutions Inc., Quote 4300711

Page 4 of 6

**General Terms & Conditions: The following terms and conditions are hereby made a part of this Agreement.**

**1. RESPONSIBILITIES OF STONHARD:**

a. Stonhard has visually inspected the project site prior to the commencement of work and agrees to the contract work based on the existing nature of the project site as it appears and is represented by the Customer. In the event that concealed conditions are revealed which would materially change the nature of the contract work, Stonhard is entitled to cease work until such time as the contract sum has been adjusted equitably to compensate for such change.

b. Stonhard shall keep the premises free from the accumulation of waste material or rubbish which results from the execution of its work. In no event shall Stonhard be responsible for any unclean conditions caused by others.

c. Upon request by the Customer, Stonhard will furnish certificates of Workman's Compensation Insurance and Liability Insurance.

d. Stonhard shall make all necessary arrangements to have any excess Stonhard products picked up after completion of the contract work.

**2. RESPONSIBILITIES OF CUSTOMER:**

a. Customer has conducted an investigation of the project site prior to the commencement of work and represents that the existing nature and condition of the project site is as it appears and that there are no other concealed conditions which would materially change the nature of the contract work.

b. Customer shall have the project site swept clean and made free of all obstructions, and shall remove all food items, organic materials and other products stored at or near the project site to prevent any contamination or spoilage that may occur and shall make the project site available for Stonhard at the agreed upon date and time in which the contract work is to commence.

c. Customer shall provide Stonhard, at no charge, all necessary utility services required for the proper execution of the contract work. The Customer shall further provide Stonhard with a dumpster or other reasonable alternative in which Stonhard may dispose of its waste and rubbish.

d. Customer shall provide and maintain a minimum continuous temperature of 60 degrees Fahrenheit at the floor level of the project site and provide a similarly suitable warm and dry area for storage of Stonhard's products and equipment during the course of the work.

e. Customer shall insure that no other work or tasks will be contemporaneously performed in the work area by the Customer, other trades or subcontractors once Stonhard has commenced performance of its work.

f. Customer, upon completion of work by Stonhard, shall protect Stonhard's work from damage caused by the Customer, their workmen or subsequent contractors.

**3. PAYMENTS:**

a. Terms of Payment: Net 30 Days

b. Cancellation Charges - Any cancellation of a confirmed order will result in a cancellation fee of not less than 15% of the contract amount.

Payment terms will be due Net 10 Days after receiving written notice of cancellation. If written notification is not given to Stonhard at least seven (7) days prior to commencement of work, Stonhard will be entitled to an additional re-scheduling fee of not less than 10% of the contract amount.

c. For any over payments of invoices of less than one dollar (\$1.00), Stonhard will charge a collection service fee equal to the amount of overpayment (less than one dollar) to cover any processing expenses.

**4. LIMITATION OF LIABILITIES:** The parties acknowledge that in the event repairs need to be performed to the contract work, Stonhard's liability shall be limited to furnishing the labor and the materials necessary to reinstall the defective areas. Unless otherwise agreed in writing signed by an authorized agent of Stonhard, Stonhard's obligation to furnish the labor and materials necessary to reinstall the defective areas shall terminate one (1) year after the completion of the original contract work. Stonhard shall not be liable for damages to the contract work resulting from ordinary wear and tear, gouging, impact, failure of the Customer to protect the work as outlined in Section 2.f, the occurrence of reverse impact or the effects of osmotic or hydrostatic pressure or moisture vapor transmission. The parties further acknowledge that Stonhard shall not be responsible for any consequential or incidental damages resulting from any breach of warranty.

**One Year Warranty (Process Area):**

The products and labor, furnished by Stonhard, Division of StonCor Group, Inc. ("Work"), Systems, is subject to the expresswarranty set forth below:

1. **WARRANTY.** Stonhard warrants that the products will bond to the substrate, will not blister, will be free from manufacturing defects, and will otherwise conform to the Product Data Sheets and Chemical Resistance Guides that were in effect at the time of the commencement of installation.
2. **PERIOD OF WARRANTY.** This warranty is for a period of one year from the date of substantial completion of the Work. Where the Work is performed in separate and distinct phases or mobilizations, the date of substantial completion for the work in a particular phase or mobilization is the date when work in that particular phase or mobilization is completed, not when all of Stonhard's work is completed or the completion of the entire project.

**STONHARD**

02/07/2020

Aphena Pharma Solutions Inc., Quote 4300711

Page 5 of 6

3. LIMITATION OF REMEDY. As to any products that were defectively manufactured or installed ("Warranty Issue") discovered on or before the end of the warranty period, Stonhard's liability is limited to furnishing the materials necessary to repair the defective areas. Such repairs are Owner's exclusive remedy and the limit of liability of Stonhard, regardless of Owner's damages, including incidental and consequential damages, and regardless of any legal theory, including tort, contract, and strict liability. IN NO EVENT SHALL STONHARD OR THEIR SUBCONTRACTORS OR SUPPLIERS, BE LIABLE FOR ANY SPECIAL, INCIDENTAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES.
  4. NOTICE OF DEFECT. Upon discovery of a Warranty Issue, Owner shall notify Stonhard by certified mail within thirty (30) days of the Warranty Issue ("Notice of Defect"). The Notice of Defect must set forth the factual basis for the Warranty Issue.
  5. COOPERATION BY OWNER. Owner shall afford Stonhard a reasonable opportunity to investigate any alleged flooring defect and shall cooperate fully with such investigation.
  6. TERMS OF REPAIRS:  
Defective areas will be repaired within a reasonable period of time after said notice to Stonhard, subject to delays by strikes, acts of God, or other causes beyond reasonable control of Stonhard, and provided that, in the case of repairs, Owner has removed at its sole cost and expense all obstructions which would hinder or interfere with repairs being made in the most expedient and least costly manner.
  7. EXCLUSIONS FROM WARRANTY:  
The following items are not covered by this warranty:
    - a. discoloration or staining;
    - b. reasonable variations in color between samples, installed products, and repair materials;
    - c. misuse, abuse, or improper maintenance of the floor;
    - d. ordinary wear and tear, gouging, impact, or failure of the Owner to protect the work;
    - e. except quote.output.warranty.when the effects of osmotic or hydrostatic pressure or moisture vapor transmission; or,
    - f. vandalism or acts of God or war.  
The following items will void this warranty:
    - g. Stonhard is not paid timely and in full for all goods and services sold by them in connection with the project;
    - h. the nature of the service conditions to which the flooring system is subjected changes in any significant way from the service conditions described for the Project;
    - i. flaws or errors in the design or construction of the substrate or ancillary facilities materially contribute in any important way to the failure of the floor;
    - j. the Owner does not cooperate fully with reasonable investigations by Stonhard regarding alleged defects; or,
    - k. Stonhard is not given timely notice in writing of any breach of warranty.
  8. DISCLAIMER. THIS IS THE SOLE WARRANTY GIVEN BY STONHARD. IT IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. The provisions of the warranty supersede any provisions to the contrary in any of Owner's forms or documents or otherwise.
  9. THIS WARRANTY IS NEITHER TRANSFERABLE NOR ASSIGNABLE.
5. EFFECT OF DEFAULT: In the event of a default by the Customer of any of the covenants or conditions of this Agreement, Stonhard shall be entitled to the following remedies to all other rights and remedies afforded by law: a. Right to Stop Work - Stonhard shall have the right to stop work if any payments due are not made as provided under this Agreement. b. Cost of Performance - If Stonhard is entitled to stop work as outlined in subparagraph (a) above, it shall have the right to bill the Customer for the work rendered up to the date of the stoppage and for materials shipped to the project site. c. Additional Work - Any additional costs to Stonhard resulting from failure of the Customer to provide site conditions as outlined in Sections 2.a, 2.b, 2.c, 2.d, 2.e and 2.f shall be paid by the Customer. d. Interest on Unpaid Balances - In the event any payments due hereunder become in default, Customer agrees that any and all such sums shall accrue Interest at the rate of twelve percent (12%) per annum or the maximum rate allowable by law, whichever is less. e. Attorney's Fees - If Stonhard is required to initiate legal action to collect any amounts due and owing or to foreclose on any liens filed on the work, such costs and fees that Stonhard may recover include any and all prelitigation expenses, including attorney's fees incurred in attempting to recover said amounts.
6. GOVERNING CLAUSE: This Agreement shall be governed by and construed in accordance with the laws of the State of New Jersey.

**STONHARD**

02/07/2020

Aphena Pharma Solutions Inc., Quote 4300711

Page 6 of 6

7. ENTIRE AGREEMENT: This Agreement shall constitute the entire Agreement between the parties and the parties acknowledge that there are no other verbal or written Agreements, understandings or customs affecting the Agreement.

8. AUTHORIZED AGENCY: All contracts and purchase orders must be signed by an authorized agent of Stonhard. This may be accomplished through a Division Office or Corporate Headquarters. No other parties engaging in such contracts or purchase orders will be acting as an agent for Stonhard.

9. Quote valid for 90 days.

Dear Ernie,

As per your request we are pleased to provide the following quotation for the scope of work as listed below, followed by our standard terms and conditions. If you agree with this quote, please sign and return at your earliest convenience. Approved quotes are typically scheduled within 4-6 weeks of receiving approvals. Thank you for the opportunity to assist with this project, we look forward to working with you again!

Sincerely,

Darin Flohr  
Vice President of Operations

## Project Quote

### Scope of work includes:

CMU infill, doors

- Mobilization
- Rental equipment
- Supply materials and labor to infill openings with 8" CMU
  - (1) 4'x4', (3) 3070 doors, (1) 10'x9'high overhead door openings
    - Install one of the existing 3070 doors in the overhead door opening while infilling
  - Labor to remove (1) high speed door and (1) rolling steel fire door
    - Banded for storage
  - Labor to remove and reinstall 4" lower (1) high speed door and (1) rolling steel fire door
  - Labor and materials to infill exterior overhead panel door
    - Include removal of door
  - Labor and materials to install (3) exterior 3070 steel doors with panic hardware
    - Paint to match existing doors (up to 2 coats)

For One Lump Sum of: \$21,600.00

### Modular wall package

- Supply modular wall panels as per drawing dated 6/7/2019
  - Approx. 37' x 43'3" x 20'5" tall 4 wall system
    - Perimeter walls outside vinyl covered hardboard construction, inside white painted steel faced hardboard construction
    - Partition wall white painted steel faced hard board on both sides
    - Interior partitions to make (2) rooms, (1) vestibule, and (1) common area
    - (4) 3070 doors with half glass
    - (2) 6070 doors with half glass
    - Framed opening for high speed door
    - Infill panels as necessary for doors removed

For One Lump Sum of: \$66,750.00

### Modular wall install

- Mobilization
- Rental equipment
- Install modular wall panels as listed above
- Bracing of wall panels to existing walls

For One Lump Sum of: \$29,725.00

**Drop Ceiling**

- Mobilization
- Supply and install gaskets drop ceiling with white vinyl covered drywall tiles
  - Includes (16) LED troffer lights
- Rental equipment

For One Lump Sum of: \$22,850.00

**Concrete**

- Mobilization
- Materials and labor to remove existing 44' x 37' x 12" thick slab and replace with new with (6) floor drains
  - Saw and remove existing floor and ramps on both sides
  - Remove (4) pipe bollards and replace with new
  - Supply 4" of clean 57 stone base to achieve 8" slab
  - Install vapor barrier
  - Install expansion around perimeter
  - Pour using 4000 psi concrete (8" thick)
  - Reinforcing shall be fiber
  - Hard machine trowel finish
  - Disposal of existing concrete
- Materials and labor to construct dust barrier on clean side of room
  - (weekend hours quoted)
- Materials and labor to install (3) exterior pads for man doors 4' x 4' x 6" thick

For One Lump Sum of: \$122,900.00

Optional 38' x 16' x 6" thick concrete apron: \$11,250.00

**Exclusions:**

- Data, sprinkler, electrical, HVAC, or security work of any kind unless stated above
- Permitting of any kind
- Delays in work beyond JESSINC control
- Floor covering (epoxy or other)
- Any tank or equipment placement
- Debris removal (can be added for an additional charge)
- Any work beyond scope listed above

**Notes:**

- Standard Terms and Conditions apply
- All work to be performed during normal operational hours Mon-Friday 7am -5 pm (unless otherwise noted)

- JESSINC assumes work area to be clear and available for duration of the project

#### Standard Terms and Conditions

1. JESSINC's Quote, Terms, and Conditions must be included as part of issued purchase order or contract.
2. This proposal is valid 30 days.
3. Normal first shift working hours is standard and quoted (Mon-Fri 6:30am – 4:30pm). Overtime, weekend, off-shift, or holiday hours are NOT included but available at additional cost.
4. Permitting is excluded unless otherwise stated in quotation.
5. Materials supplied by others must be readily available at the site, unless arranged otherwise.
6. A work area and or lay down area of sufficient size must be made available and be free and clear of any obstructions for such time as needed.
7. Customer to assume responsibility for the investigation and calculations which pertain to the existing structure and their ability to support the additional stress which may occur as related to the material quoted herein. Any and all costs incurred for professional services will be charged at a cost plus basis.
8. Unforeseen obstacles
  - a. Excavation: rock, natural or man-made unforeseen obstacle removal is NOT included. In such instances, any extra costs will be handled on a time and material basis. Owner or owner representative will be notified prior to commencement of work.
  - b. Construction: JESSINC does NOT accept responsibility for existing concealed conditions that may be revealed during the construction process. If found, the owner or owner representative will be notified and an agreed upon method to proceed will be proposed.
9. This quote is based upon the conditions, which existed during our inspection of the job site, or upon recommendation of the owner representative. Changes or relocation of the equipment, which alter the installation procedure, will require another quote or signed change order.
10. Any work that is rescheduled less than 48 hours before the agreed start time may result in back charges for labor and equipment.
11. Premium time for advancement of the schedule will be discussed and could result as a Change Order to the agreement
12. A charge of \$65.00 man/hour will be made for delays, which are not the responsibility of JESSINC, and charges for rental equipment will be billed at cost plus 15%.
13. Any delays resulting in JESSINC having to return to complete an installation, whereas installation could have been completed in the quoted time will be assessed additional cost for extra trip(s) AND return trip will be scheduled at JESSINC's discretion.

**Payment Terms:**

- a. JESSINC requires at a minimum this document signed before scheduling, but a signed Purchase Order, and signed quote by authorized personnel may be required if customer's company policy states.
- b. **Payment terms:**  
25% down, monthly progress invoices based on % of completion, payments due within 30 days upon receipt of invoicing.
- c. We reserve the right to add 1.5% per month on any accounts overdue by 30 days or more.
- d. Any and all costs incurred for collection purposes of delinquent accounts will be additional to customers invoice.
- e. After completion of the project the balance of the initial amount plus any additions of time and material will be invoiced.

Please read the above and sign below agreeing to all of the terms and conditions set forth above.
