The objective of this section is to track all supplemental documentation identified during the IQ/OQ to support the execution.

#### Procedure:

**Result:** 

- 1. As supplemental documentation is identified and referenced throughout the IQ/OQ, identify in the log.
- Collect each supplemental document in an appendix to the executed IQ/OQ protocol. When collecting
  documents from vendor turn-over packages, maintain the TOP as complete and include a copy with this
  plan.

### Acceptance Criteria:

All supplemental documentation identified during the IQ/OQ to support the execution is identified, available, recorded and attached.

Have the acceptance criteria been met? (Y/N) \_\_\_\_\_ If Not, Deviation No: \_\_\_\_\_
